

CARTOON ELEMENTS

Use the periodic table to find the symbols for the groups of elements below. Each group should spell a different cartoon character.

Tungsten, oxygen, oxygen, dysprosium _____

Phosphorous, iodine, nitrogen, nobelium, carbon, hydrogen, iodine, oxygen _____

Rhenium, platinum, argon _____

Sulfur, hydrogen, rhenium, potassium _____

Argon, iodine, aluminum _____

Tin, oxygen, oxygen, phosphorous, yttrium _____

Carbon, hydrogen, iodine, phosphorus _____

Fluorine, lithium, potassium _____

Samarium, iodine, thorium, erbium, sulfur _____

Sulfur, cobalt, oxygen, boron, yttrium _____

Boron, aluminum, oxygen, oxygen _____

Sulfur, lithium, nitrogen, potassium, yttrium _____

Aluminum, iodine, cerium _____

Oxygen, scandium, Argon _____

Polonium, calcium, hydrogen, oxygen, nitrogen, tantalum, sulfur _____

Phosphorus, iodine, potassium, actinium, hydrogen, uranium _____

Scandium, radium, technetium, hydrogen, yttrium _____
